

Serving East Anglia

Roofs Catering Butchers are well established in the catering industry, with expertise to help caterers meet the needs and demands of their customers.

We offer a collection service for local businesses that require prepared meats, made kitchen-ready, available to collect on short notice. For customers not as local, we offer a delivery service, using our purpose built temperature controlled vehicles. Taking every precaution to guarantee that our produce arrives to our customers as fresh as it leaves our premises.

Alongside delivery, we also offer smallholder cutting services for small batches using traditional techniques along with bespoke cutting for local farmers.

About Us

Established in 1976, Roofe Catering Butchers have been supplying quality locally sourced meat and poultry to the hospitality and catering industry in the counties of Norfolk, Suffolk and Cambridgeshire.

As a family run business, we hold true our traditional values of sourcing our produce responsibly. Our recent partnership with HG Blake's Abattoir strengthens our food chain to guarantee full traceability from farm to kitchen.

“We understand the importance of traceability to our customers in all of our products, which is why with the backing of H G Blake's abattoir we will now be able to control and monitor the entire process from farm to kitchen.”
